

NATHANIEL IDYEGE - Frontend Developer

(+234) 9032461074 | idyegenathaniel@gmail.com |

<https://github.com/IdyegeNathaniel> | <https://nathaniel-idyege.vercel.app/> | Nigeria.

A self taught frontend developer, with a passion for applying my skills and knowledge to real-world projects and contributing to a dynamic and collaborative team. With about a year hands-on experience,

I aim to create visually appealing, engaging, and user-friendly web applications that provide excellent user experience and drive innovative solutions while looking for ways to develop myself as a developer.

TECHNICAL SKILLS

- Languages/tools: HTML5, CSS3, Javascript.
- Frameworks and Libraries: ReactJS, Tailwind CSS, and Bootstrap.
- Version Control: Git, GitHub.

PROJECTS

● **Weather Check -**

Built a simple web app for checking weather condition of a place. Built with HTML, CSS, and JavaScript, with data fetched from OpenWeatherMap. Managed the project using Git for version control, with the code hosted on GitHub

● **ToDo-App**

Developed a task management web app using React JS and Tailwind CSS. Used Git for tracking progress and collaborative features, hosted on GitHub.

● **Quiz**

Built a fun-based browser trivia game, with easy, and cool facts built with HTML, CSS, and JavaScript

OTHER SKILLS

- Excellent oral and written communication skills.
- An excellent disposition towards learning and collaborating with teams.
